Issued April 25, 2023

RELOCATION OF THE WASTEWATER TREATMENT PLANT – COASTAL HAZARD RESPONSE PLAN (CHRP)

In accordance with the requirements of the Local Coastal Program Amendment Grant awarded to the San Simeon CSD (District, SSCSD) for the preparation of the Coastal Hazards Response Plan (CHRP), and implementation of the special conditions required through the District's Coastal Development Permit 3-19-0020, the San Simeon CSD is committed to keeping the public and stakeholders updated on the progress of the CHRP and providing opportunities to ask questions and provide input on the CHRP throughout the preparation of the report. Please contact the District to provide your thoughts and input on the movement of the community's waste water treatment plant. Additional information can be found at www.sansimeoncsd.org such as: the Draft CHRP Outline, comments from the Coastal Commission, RWQCB and a Potential Site Location Memo etc.

WATER METER BOXES

Please do not place items on top of the meter boxes/lids or allow overgrowth of plants to cover the meter boxes.

WANT TO PARTICIPATE?

SSCSD has two Board Member vacancies as well as Budget and Water Committee vacancies. Please contact the SSCSD Office if you are interested in participating. SSCSD welcomes input and participation from the community (and encourages residents to attend the monthly board meetings. Details about the next board meeting can be found at www.sansimeoncsd.org. Residents can also contact SSCSD by visiting the office at 111 Pico Avenue in San Simeon or calling 805-927-4778.
